# Epoxy & PU Flooring

Polyurethane (PU) flooring has emerged as a game-changer in the flooring industry. This flooring is a versatile and durable option for various spaces. Composed of synthetic materials, PU flooring offers excellent resistance to abrasion, chemicals, and wear. Its seamless application ensures a smooth, easy-to-clean surface, making it popular for commercial and industrial settings.

## Benefits

## Use of Area

- Industrial Surface
- Residential Area
- Pharmaceutical
- Hospital
- Educational Ground
- Commercial Space

# Polish Concrete

Polished concrete flooring involves grinding, polishing, and sealing concrete surfaces to achieve a smooth, glossy finish. This durable and low-maintenance flooring option is popular for its modern aesthetic, high reflectivity, and resistance to stains. It's commonly used in residential, commercial, and industrial spaces.

## Use of Area

- Industrial Surface
- Residential Area
- Pharmaceutical
- Hospital
- Educational Ground
- Commercial Space

## Benefits

**GTL HardTop - 21**

Cementic Floor Hardener  
Powder Component  
Dry shake Non-Metallic Surface Hardener

- Good wear & abrasion resistant
- Facilitates easy cleaning

Net Weight: 25 kg

Batch No:  
Packed on:

# DURABLE FLOORING STRENGTH UNLEASHED

## Floor Hardener

Cementitious floor hardener is a robust flooring solution that involves applying a blend of cement, aggregates, and additives onto concrete surfaces. Upon curing, it forms a durable, abrasion-resistant layer, enhancing the strength and longevity of the floor. This option is favored in industrial and commercial spaces due to its ability to withstand heavy use, impacts, and wear. The result is a resilient floor that not only provides longevity but also requires minimal maintenance. Its practicality and strength make it a popular choice for environments demanding a reliable and enduring flooring solution.

# Waterproofing

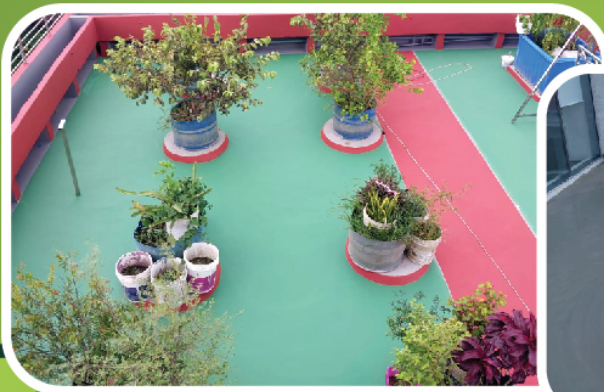

Acrylic waterproofing is a protective coating applied to surfaces, such as roofs or walls, to prevent water penetration. Composed of acrylic polymers, this liquid coating forms a flexible and impermeable barrier upon drying. It offers excellent resistance to weathering, UV rays, and temperature fluctuations. Acrylic waterproofing is widely used in construction for its durability, ease of application, and ability to adhere to various surfaces. It effectively safeguards structures against water damage, making it a popular choice for both residential and commercial waterproofing needs.

## Benefits

## AISLE MASTER

Power Type : LPG, Electric  
 Rated Capacity : 1.5 - 3ton  
 Lifting Height : 3000 - 10000mm  
 Battery Capacity : 48V 630 - 900AH

## FORKLIFT TRUCK

Power Type : Diesel, LPG, Electric  
 Rated Capacity : 3000-32,000kg  
 Lifting Height : 3000-7000mm  
 Engine Option : Isuzu, Mitsubishi, Cummins, Yuchai, Deutz

## REACH TRUCK

Power Type : Electric  
 Rated Capacity : 11500-3000kg  
 Lifting Height : 3000-8000mm  
 Controller : Curtis  
 Battery Capacity : 48V 300-400AH

## ELECTRIC STACKER

Power Type : Electric  
 Rated Capacity : 3000-32,000kg  
 Lifting Height : 3000-7000mm  
 Controller : Curtis  
 Engine Option : Isuzu, Mitsubishi, Cummins, Yuchai, Deutz

## MANUAL STACKER

Power Type : Manual  
 Rated Capacity : 1000-1500-2000kg  
 Lifting Height : 3000-7000mm  
 Leg \* Fork : 490\*1150/690\*1150mm  
 Wheel : Nylon/ PU

## HAND PALLET TRUCK

Type : Manual Hydraulic  
 Rated Capacity : 2Ton, 3Ton, 5Ton  
 Lifting Height : 80-200mm  
 Fork Size : 550\*1150/685\*1220mm  
 Wheel : Nylon/ PU

## SCISSOR LIFT

Power Type : Self Propelled (Electric)  
 Rated Capacity : 300-500-1000kg  
 Lifting Height : 6000-12000mm  
 Stand Platform : 2270\*1150  
 Battery : 12/24V 60/120/270AH

## ELECTRIC PALLET

Power Type : Electric  
 Rated Capacity : 1.5ton-2ton-3ton  
 Lifting Height : 85-200mm  
 Controller : Curtis/ PG  
 Fork Size : 540\*1150/685\*1220mm

## SEMI ELECTRIC STACKER

Power Type : Electric  
 Rated Capacity : 1500-3000kg  
 Lifting Height : 3000mm  
 Fork Size : 540\*1150mm

## DRUM LIFTER

Power Type : Manual/Electric  
 Rated Capacity : 350-500kg  
 Lifting Height : 1500-3000mm  
 Wheel : Nylon/ PU

## DRUM TROLLEY

Power Type : Manual  
 Rated Capacity : 250-500kg  
 Wheel : Nylon/ PU

## SCALE PALLET TRUCK

Power Type : Manual  
 Rated Capacity : 2ton-2.5ton-3ton  
 Lifting Height : 80-200mm  
 Wheel : Nylon/ PU  
 Fork Size : 550\*1150/685\*1220mm

## GENERATOR

Power Type : Diesel, LPG, Petrol  
 Rated Capacity : 5KVA-500KVA
